2018 AHA Resuscitation Education Highlights

Innovative Educational Strategies

Gamification can engage your trainees
Use game play elements to engage trainees and improve their retention

Harness Social Media
Connect with trainees before and after the course via social platforms like Twitter and Facebook.

Blogs & Podcasts as supplemental
Augment traditional materials by using resources such as podcasts and blogs to provide longitudinal, pervasive learning.

Why invent the Wheel?
Share your educational materials! Also consider crowdsourcing materials when you are teaching.
